Lesson 1

Heading

To get started, just tap or click this placeholder text and begin typing.

Chapter Title

It's easy to edit text, change fonts and add beautiful graphics.

To add photos, image galleries, audio clips, videos, charts or any of more than 700 customisable shapes, tap or click one of the insert buttons in the toolbar or drag and drop the objects onto the page.

You can layer objects, resize them and place them anywhere on the page. To change how an object moves with text, select the object and then tap or click the Arrange tab in the Format controls.

Chapter Title

Drag your own photos onto any image placeholders in this template, then crop or resize them if you wish.

This book template is set up for word processing, so your text flows from one page to the next as you type, with new pages created automatically when you reach the end of a page. When exported to EPUB, content can reflow to accommodate different devices and orientations. This is best for books containing primarily text.

Chapter Title

Introduction

To get started, just tap or click this placeholder text and begin typing. You can view and edit this book on your Mac, iPad or iPhone. It's easy to edit text, customise fonts, personalise text styles and add beautiful graphics.

Use paragraph styles to easily achieve a consistent look throughout your book. For example, this paragraph uses Body style. You can change it in the Text tab of the Format controls.

To add photos, movies, audio and other objects, tap or click one of the buttons in the toolbar or drag and drop the objects onto the page.

This book template is set up for page layout so you can manually rearrange pages and freely position text boxes, images and other objects on the page. When exported to EPUB, the layout of each page in your book will be maintained. This is best for image-heavy or multi-column books.

In word processing documents, your text flows from one page to the next as you type, with new

Tap or click this placeholder and start typing to replace the image caption, or turn it off in the Format controls.

pages created automatically when you reach the end of a page. When exported to EPUB, content can reflow to accommodate different devices and orientations. This is best for books containing primarily text. To create a word processing document, choose a portrait book template in the template chooser.
